

## UNPLEASANT AND WET WEATHER NO SET BACK

Germination Proceeding Apace, though King Sol would Help Greatly

Although the weather continues to be dull and dreary, the wet days are proving no real drawback to the crops. All the seeding is now practically finished and in some places wheat is over three inches high.

With the early fall of last year, and with the extra heavy crop the farmers harvested and threshed, only a small proportion of the fall plowing was done, and this has necessitated lots of grain being sown this year on stubble land. As this is not so well pulverised or the seed bed so deep, the late rainfall is extremely beneficial, and up to now the moisture has not been sufficient to sour the land. The gardens, too, are all showing signs of vigorous growth, and with some weather with King Sol in evidence we should be well assured of a bountiful harvest.

## CO-OPERATIVE SYSTEM OF MARKETING WOOL

The Alberta Provincial Sheep Breeders' Association has now completed arrangements for their annual sale of wool. Last year for the first time, this association undertook to assist its members to get the highest market price for their wool and very satisfactory results were obtained.

The Department of Agriculture at Ottawa supplied graders free of charge to grade the wool. The Edmonton Exhibition Association "did their bit" to the extent of furnishing a building free of charge where the wool could be received and stored until graded and sold. Tenders were then asked from all the big wool buying houses, and an average price of 27.25 cents per pound was obtained for the wool growers.

This year similar arrangements have been made. Wool will only be handled for those who become members of the Association. As last year some of those who obtained bags and twine from the Association afterwards sold through other sources, the Association this year is making a charge of 75c for each bag supplied, this amount being refunded when the wool is sold. The wool will be received at the Edmonton Exhibition Grounds from July 17th to August 1st, when tenders will be called for and it will be sold to the highest bidder. Arrangements have been made to make an advance of 15c per pound upon delivery of the wool at the Exhibition Grounds, the balance to be paid when the wool is sold.

The Secretary Mr. W. J. Stark, P.O. Box 216, Edmonton, will be glad to hear from any who wish to market their wool through this Association.

## NEW MANSE FOR TOWN

Work is now in full swing on the new manse for the Presbyterian church, the work being in the hands of Contractor Mercer. The erection will be a splendid five-room one—bungalow style, and it is hoped to have it ready for occupancy in two months.

## B. OF T. EXECUTIVE GETS DOWN TO REAL HARD WORK

The meeting of the Board of Trade executive which was held on Thursday afternoon last proved conclusively that this body is sure out to "bring home the bacon," if hard work will achieve the results aimed at.

During a session lasting nearly two hours, at which a majority of the members were present, things sure went with a vim which augurs well for the ultimate success of any undertaking that may be had during the coming year.

Seeing that the electric lighting of the town is such a vital factor in the status of Wainwright, the matter is to be looked into by this body, and any assistance which they can render to the Town Council, is to be offered to that body in toto.

Such a proposition as the better and more modern lighting of our streets and homes, is one which every resident of the town must be in sympathy with, and there is no doubt that to properly put Wainwright "on the map" in this regard, we must all be up and doing—and that without delay.

The decision arrived at that a committee of the Board arrange that committees from various other bodies (including the Council) work with them regarding the holding of a sports day, is very right and proper, and should do much towards the full success of this project.

Before the adjournment, the various committees for this year's work were struck off as follows:

Finance:—Messrs Haynes, Snyder, and A. Mills.  
Membership:—Messrs Fraser, Gordon, and Elder.  
Publicity:—Messrs Simmerman, Brodie, and Pawling.  
Improvements:—The whole executive.

## BEAUTIFUL BASS DRUM PRESENTED 151ST BATTALION

As a further token of appreciation from the farmers in this district to the boys who are offering their all to the cause of the Empire, there is to be seen in the window of the Small Bros store on Second Ave., a splendid bass drum which has been purchased by the members of Wainwright Local U.F.A. for presentation to the band of the 151st Battalion at a cost of \$80.00. The drum is suitably inscribed, and will form a worthy addition to the instruments of the Battalion.

## CHURCH NOTICES

Divine service will be held as usual at St. Thomas' Anglican church on Sunday next at 7.30 p. m. and Sunday school at 11 a. m.

As next Sunday is conference Sunday for this district, arrangements are being made to hold a special musical service to replace the usual sermon at the gathering at Grace Methodist church at 7.30. The morning service will be held as usual at 11 a. m. and Sunday school at 2.30.

The subjects at the morning and evening services respectively at the Presbyterian church on Sunday will be "Floods of Joy" and "The Mirage of Wordly Ambition." The pastor will speak at both meetings, and special and appropriate music will be rendered by the choir. Sunday school will be held as usual at 2.30 p. m.

## SPARED FROM THE YPRES SALIENT

First Wainwright Man to Enlist Returns to Home Fires Yesterday; Given an Ovation and Welcomed back to Parental Home.

The unpropitious weather of Tuesday was certainly no deterrent to the enthusiasm evinced at the return of a battle-scarred hero, when Corpl Thomas Crampton, who was the very first Wainwright man to enlist, stepped off the train which bore him from Edmonton to the loving and anxious hearts of his parental "home fire."

When it was learned that "Tom" was to arrive here on that day, preparations were hurriedly made, and the result was that a crowded gathering greeted the hero at the depot with cheers and flag-waving. Conspicuous among these

were the members of the "Walter Mussen" chapter, of the Daughters of the Empire, and the Mayor and Town Council, and it was through this throng that the returning warrior was escorted to a waiting automobile, and driven up-town in state.

Corpl T. Crampton, who enlisted on December 31st, 1914, with the 3rd C. M. R.'s in Edmonton, left that city on June 2nd, 1915, and arrived at Shorncliffe on June 20th, Major Fane being in charge. He accompanied his battalion to France last fall, but owing to serious injuries received at battles in

the Ypres salient he was invalided to the Old Country at the beginning of this year, and since that time has been convalescing, and on base duty.

It was a striking coincidence that on the same day that Corpl. Crampton left the trenches, Pte Percy Connors (another volunteer from this district) gave his life for the cause of Empire.

Among the engagements that he was in were those of the La Bassee, Marciennes, and Ypres salients, and yet after all this he is still anxious to again go before the medical board, which he has to do after three months rest.

## RECRUITS FOR THE VIKINGS OF CANADA

Although comparatively little has been heard about the 197th Overseas Battalion, popularly known as the Vikings of Canada, it has been making rapid strides, and is now more than half recruited, with all ranks filling up rapidly. The Battalion, which has chosen for its crest, the many oared boat of the Vikings, is one of the most interesting now being recruited.

Particularly rapid progress is being made now in recruiting, for practically all of the men enrolled are acting as recruiting strikers, and are writing to their friends to join, with the result that it is anticipated by the officers that it will soon be fully up to strength.

For information in regard to pay and pension to the soldier, his wife and children, or widow mother, also in regard to free transportation to Winnipeg apply to Officer Commanding 197th Overseas Battalion C.E.F., Exhibition Barracks, Winnipeg.

Mr and Mrs A. Mills arrived in town on Friday last from Picton, Prince Edward County to spend a holiday with their son Shorman D., and we bid them welcome to our city.

## PAPER PRICES CLOSE SHEETS

Chicago, May 25.—That the war in Europe may materially increase the price of newspapers magazines and periodicals was the belief expressed recently at a meeting of the executive committee of the Inland Daily Press association.

The meeting was called to devise ways and means of meeting the shortage in paper stock and a resolution was adopted urging the strictest economy in the use of paper. It was said that in two cities of 40,000 population, and in smaller cities, several daily newspapers had not issued because of shortage. It was reported that many news papers were on the verge of shutting down completely or issuing smaller editions.

We regret to learn that Mrs A. D. Ferguson is sick this week, and hope for her speedy recovery.

Miss Marion E. Cook, of Edmonton, is spending a holiday in town on a visit to her parents Mr. and Mrs. Sam. Cook, of Fourth avenue.

On Thursday afternoon both Mrs Carbert and Mrs F. Small will be receiving, the latter lady for the last time this season.

## DEPARTMENT OF EDUCATION EXAMINATIONS

The following Circular is being sent out by the Department of Education regarding the forthcoming examinations at different teaching centres:—

I beg to advise you that the Departmental Examinations for Grades VIII, IX, X, XI, XII will be held this year on June 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, and 29th.

The examinations in the five grades will be conducted under the same presiding examiners. The Department will supply the required apparatus, drawing paper and ink, also squared paper for Analytical Geometry, but candidates are advised to provide themselves with rulers, compasses, penholders, etc. Candidates writing on the examinations in Drawing should provide themselves with a soft rubber a good drawing pencil, and, if possible, India ink, water color, and suitable brush or brushes. For the work in water color a supply of water and conveniences for cleaning the brushes should be available.

Candidates who have not already selected one of the school centres should advise the Department at once at which centre they desire to write. The examinations for the First and Second Year Commercial Course will be conducted at Calgary, Edmonton, Lethbridge, Medicine Hat, during the same period as the grade examinations.

Miss Florence Mills, of Ottawa, who has just completed a visit to relatives at Calgary, is staying with her brother A. E. Mills, she having arrived on Monday last.

## THE MUCH MALIGNED "E"

Someone has advanced the opinion that the letter "e" is the most unfortunate letter in the English alphabet, because it is always out of cash, forever in debt, never out of danger, and in trouble all the time.

But he overlooked the fact that it can't be so bad, however, and we call his attention to it, that "e" is never in war, but does double duty in peace. It is also the very beginning of existence and ease, and without it there would be no life in heaven. Other good points to this maligned vowel are that it is the very centre of honesty. It makes love perfect, and without it there would be no editors, or news.

## WAINWRIGHT GUN CLUB

At the Victoria Day shoot of this aggregation the following were some of the high scores of the meeting:—

W. E. Washburn 21  
A. E. Mills 19  
J. B. Milne 18  
O. J. Elder 17  
A. N. Other 17

These results were made at 25 rocks apiece. The next shoot is on Friday evening.

## FLAG EXCHANGE TOOK PLACE THIS WEEK

In commemoration of the hundred years of peace between Great Britain and the United States, Hamilton college Clinton New York, and Robertson college, Edmonton, on Empire Day exchanged national flags.

The idea of this exchange of flags was under consideration before the outbreak of the war. It was originally planned that Robertson college, (the most northerly Presbyterian theological college in America) would exchange flags with the most southerly college. This plan, however, was not found feasible, and Dr. Stricker, president of Hamilton college, requested that Robertson college exchange flags with that institution.

During the recent convocation exercises of Robertson college, the presentation of the Union Jack was made there, Dr. E. K. Broadus accepting the flag for Hamilton college.

Miss Florence Mills, of Ottawa, who has just completed a visit to relatives at Calgary, is staying with her brother A. E. Mills, she having arrived on Monday last.

## THE MUCH MALIGNED "E"

Someone has advanced the opinion that the letter "e" is the most unfortunate letter in the English alphabet, because it is always out of cash, forever in debt, never out of danger, and in trouble all the time.

## REPORT ON WATER WORKS OF CANADA

A new edition of "Water-works and Sewerage Systems of Canada", by Leo G. Denis, has just been issued by the Commission of Conservation. In the present report the various physical and financial data respecting water-works have been brought up to date and a new section on sewerage systems has been added. The book is a royal octavo volume, handsomely bound in cloth, contains 176 pages of text and is well illustrated with 25 half-tones and 5 diagrams.

In the year of Confederation there were only 7 water-works plants in Canada; today there are 528. These have been built at a total cost of \$123,725, 633 and entail the annual maintenance charge of \$1,558,539. The total daily consumption is 426,877,000 imperial gallons, which gives an average daily consumption per capita of 111 gallons, ranging from 50 gallons in Manitoba to 143 in New Brunswick.

There are 206 plants supplied from springs or wells and 322 from lakes or streams. In 72 plants the water is filtered and in 21 plants it is treated with hypochlorite. The municipally owned plants number 390. As to rates, where specified, it is that flat rates are used in 209 cases, meters in 30, and both flat and meter in 141.

There are 279 sewerage systems in Canada, having an aggregate mileage of 4,223 and which have been built at a total cost of \$74,504,418. In only 75 municipalities is the sewage treated. Proportionally to population, the West, with 28 treatment plants, makes a much better showing than the East, with 47. The total cost of the treatment plants is \$3,218, 935.

## ENGAGEMENT OF WELL KNOWN LADY ANNOUNCED

Announcement is made of the engagement of Miss Margaret Mills, a sister of A. E. and W. Mills of our town. Miss Mills was appointed on the nursing staff of one of the first regiments which left Canada for the Old Country at the outbreak of the war, and has spent considerable time in France in connection with her duties. She is well known to many Wainwright residents, but is still in the Old Country.

The happy man is Major E. C. Goldie, of Winnipeg, and the nuptial ceremony will take place in London, Eng., on June 21st next.

WEDDING BELLS  
ALBAN—OLSON  
A quiet little wedding was celebrated by the Rev T. Murphy at the Manse on Victoria Day, when the contracting parties were Harvey N. Alban and Miss Ida O. Olson, both of Prospect Valley.

The happy couple, who were attended by Mr and Mrs S. D. Mills, left for their future home immediately after the ceremony.

Mrs A. E. Mills will be receiving on Friday afternoon next for the last time this season.

Mrs J. J. Ritchie left for Saskatoon Sunday to consult a Specialist for throat trouble. See will also visit her mother and sister at Duck Lake, Sask., and expects to be away several weeks.

Among the list of cases for Supreme Court which opens in Edmonton today, appears that of Walter Munroe Gray, charged with the recent murder of his father at Wainwright. Several witnesses from this district are subpoenaed.

## CITY DRAWBACKS WITHOUT CITY CONVENIENCES

Our Young Women in Danger Unless Escorted after Night Sets In

As an instance of the absolute necessity for the better lighting of the streets of our town it is only necessary to cite an incident which occurred last week within one block of Main street.

A young woman having left a meeting at the Presbyterian church was proceeding homeward along Fourth avenue when she was accosted by a strange man, who immediately grabbed hold of his victim; and then attempted to molest her; she being thrown against a barbed-wire fence in the struggle to escape.

Despite the fact that the night was very dark, the assailant was partially recognised, and the matter will in all probability be dealt with by police court proceedings.

If Wainwright is to suffer the drawbacks of harboring city-don't thugs, the citizens should hurry to claim the privilege of modern street lighting, and, as far as possible, reduce such risks as the above to the minimum.

## PATRIOTIC FUND ARREARS PILING SAYS TREASURER

P. C. Haymes, the hon. treas., acknowledges the following donations, and would ask those who are in arrears to realise the good work that is being done by the fund right in our own town and district. The wives and families of our own men are receiving approximately \$300 per month.

March list.  
Richardson, J. A. \$1.00

## ELECTRIC LIGHT FOR TOWN SHOULD INTEREST EVERY CITIZEN

THE ELECTRIC LIGHTING of Wainwright is a proposition which should be carefully studied by every person both in and out of town who has the interest of the place at heart. The fact that we are at the present time suffering unduly from a lack of this mark of civilization, is only due at this late date to the careful manner in which the powers that be have studied the needs of the taxpayers and have held back from jumping into any proposition which did not give full advantage to both the proposers of any scheme submitted and the people of the town at large.

The franchise which is at present before the Council is one which is no doubt as fair as is possible between all parties interested, and there can be no reason why our streets shall be darkened next fall, and the winter passed without the benefits derived from the installation of "the juice." There have been minor points, no doubt, which seemed at first sight to be "impossible" of acceptance in the interests of our citizens but these have now been practically all cleared away, and the offer of the electric light company, as it now stands, puts the whole matter up to the Council, and is in such shape that it can hardly be turned down.

Of course, before this franchise can be accepted and become effective, it will be necessary that the burgesses express their approval and willingness that the agreement between the company and the Council be signed on behalf of themselves; but there can be no shadow of doubt that if the vote is taken it will be carried by an overwhelming majority, and the townspeople will in this way signify their approval of the hard work put into this business by their representatives on the Council.

## BREED MORE CATTLE GET BETTER PROFITS

THE GENERAL BEEF SITUATION, from the standpoint of the home and foreign market, emphasizes the shortage of supply. One feature is particularly noteworthy. It has never been indicated from any country that there is an undue accumulation of beef in storage or a congestion of cattle going forward to market. Present prices and present demands fully confirm this fact. The position in Europe is well known. The Argentine output has been absorbed for army supply to such an extent that very little frozen Argentine beef is available for civil consumption in Great Britain. Australia has passed through a severe season of drought and her exportable surplus has been greatly diminished. Moderate supplies of cow beef are going forward from New Zealand but these are not of first-rate quality. Canada and the United States have not appreciably increased their cattle population and are clearly able to find a remunerative market in Europe for and of their product available for export. The steady and continuous rise in price definitely reveals the conditions of the world market for beef and emphasizes the fact that the situation is growing worse with the progress of the war.

## BEEF CATTLE AND ECONOMY

"BIG FALLING OFF IN BEEF CATTLE" is a significant heading on page 108 of The Agricultural War Book for 1916. On page 91 there is this paragraph of equal significance: "It is in the interests of the Empire that everything possible should be done to foster the Canadian live stock industry. In Canada, the number of cattle is about 6,000,000, besides 2,000,000 sheep—a total which, having regard to the population of the Dominion, does not at present leave a very large margin for export. With the probability of preferential trade in food within the Empire there are great possibilities in the expansion of Canadian live stock production."

There was once an English Bishop who, being called upon to preach a sermon in aid of an orphan asylum for boys and girls, pointed to the children arranged in full sight of the congregation, and, saying "They're there," left the pulpit. The quotation of the two foregoing paragraphs should in like manner almost be sufficient to indicate to Canadians the opportunity and duty that lies before them. There is, however, so much matter of similar import, and pointing in the same direction, in the book, that it is well worth while to look further into it. As to the falling off the statistics show that the decrease of beef cattle during the years extending from 1910 to 1914, totalled 992,662, or 7,338 fewer than a million, or upwards of 23 per cent. Meantime the population increased and people went on eating as much beef as ever. The decline in numbers of cattle by provinces was:—Nova Scotia 31,920; New Brunswick 11,133; Ontario 658,919; Manitoba 62,999; Alberta 293,905, and British Columbia 6,130. Against these decreases there has to be reckoned an increase of 25,081, in Quebec, of 43,272 in Saskatchewan and of 3,400 in Prince Edward Island. It will be noticed that the decline was in those provinces nearest to the United States and where packers are most in evidence.

Two morals are to be gathered from the foregoing figures considered in conjunction with existing conditions. One is that we must produce more, and the other, that we must eat less beef, that is if we have any desire to take rank as overseas exporters of live stock or live stock products of any importance. To accomplish the one farmers will need to pay additional attention to their breeding cows and to prize them to a greater extent than official returns would imply they have been doing. In connection with the other, it will be necessary for the people to cultivate and eat more field and garden produce, as well as to be more thrifty in their treatment of scraps and seemingly waste products, such as bones, skin and fat. They will need, so the War Book suggests, to replace meat by milk, cheese, peas, beans and lentils; to use more vegetables and to eat more fruit.

## McGregor of Ford

RECENTLY ONE OF OUR FRIENDS FROM ACROSS the line was standing on the sidewalk in one of our larger Canadian cities viewing a march past of some of our soldier boys. The Klitties were going by.

"How typically Canadian are the klitties," he remarked. "We, on our side of the big pond associate the Highland uniform as much with Canada as with Scotland. Why is that?"

The reply was to the effect that it was because the Scotch had contributed so largely to the settlement and upbuilding of the Dominion and so many Canadians of Scottish ancestry had made themselves worthy of high ranks in the history of Canada.

Among these Canadians of Scotch parentage who have won a place among Canada's great builders of industry we must reckon Gordon M. McGregor of Ford.

About the year 1850 Mr. McGregor's grandparents set out from Glasgow, Scotland to settle in what was then a new and far away country—Canada.

A few years later we find them located at Sarnia, Ontario, where a son, William, was born.

When still a young man William McGregor took a very active interest in the business and political life of the country and was elected a member of the Dominion Parliament, serving his country and his district well and faithfully for twenty years.

Gordon McGregor about whom this is written was the son of William McGregor and was born at Windsor, Ont. As Gordon McGregor grew to manhood he capably assumed much of the business cares of his father.

William McGregor eventually became interested in the Walkerville Wagon Co., at Walkerville, Ontario, and, shortly after, his son Gordon McGregor, was made manager of the firm. Here the son began to show that business foresight that has made him one of the prominent figures in the business world of Canada.

About this time an event took place in the carriage and wagon industry that caused the greatest concern. This was the advent and the establishment of the automobile as a practical vehicle.

Some dealers and builders were so alarmed that they thought their business would go to immediate rack and ruin and that the auto would supersede horse-drawn vehicles entirely. Others, seeing the need of the situation, decided to see the advantages this new industry afforded and governed themselves accordingly.

Among the latter was Gordon McGregor, who believed that he could successfully enter upon the business of manufacturing automobiles and looked about him for wise methods of doing this.

He got in touch with many manufacturers and looked over many makes of cars. Finally, he decided on one make and effected arrangements for its production in this country. The car he chose was the Ford.

He then tried to induce some of his friends in Canada to invest in the project and encountered all the usual cold, disheartening difficulties attendant upon the organization of a new and untried proposition. If they could have but looked ten or eleven years ahead he would have had no worries over the organization of a company even double or quadruple the size.

No stock was offered for sale outside of the Dominion until all Canadians had been given an opportunity to subscribe.

Finally, in August 1904, they organized the company with a capital of \$125,000.

Then came the difficulties of manufacture and for three years it was a constant struggle to win success.

But success came and a greater success than the founders ever dreamed of—a success achieved in truly marvelous facts and figures.

And this is the story of Gordon McGregor of Ford, Ontario, and of the establishment of the Ford Motor Company of Canada, Limited.

Today, half the population of four towns depend upon the Ford Company of Canada for their earnings. These are Ford City, Walkerville, Windsor and Sandwich.

The last census states that the average family consists of five persons. As there are over 3,000 employees in the towns mentioned above whose work is devoted to the manufacture of Ford cars, this official census figure shows that there are over 15,000 people that look to the Ford Company for their livelihood. This does not include the nine cities in Canada in which Ford branches are established, which would add over 6,000 more.

And if these employees are paid three times as well as the average as shown by government wage reports.

In April 1914, a time when most Canadian manufacturers were following a policy of retrenchment, the present Ford schedule of wages was adopted by which the company virtually handed to its employees, \$50,000 a month increased wages and reduced the working hours from nine to eight hours a day.

Surely, this is a great boon to Canadian workers and their families. It is a boon to Canadian merchants who benefit by the increased purchasing power of the families. It is a boon to the entire country in time of war when living expenses are higher than ever before.

And these employees have responded in like measure to the Ford policy of generosity. They have responded by their loyalty and their pictures which are a record contribution to the Patriotic Fund of \$34 per capita.

More than 300 Ford employees have enlisted for overseas service, and the company is spending thousands of dollars in moving pictures which are offered free to assist in recruiting work all over the Dominion.

What an impressive expression of confidence in the ultimate and unquestionable success of British Arms and the allied cause was this great war increase!

But it was not the only evidence of the Ford Company's faith in the Empire.

Before the outbreak of hostilities the company decided to reduce the price of the car by \$50. When the war came upon us the company might well have seen pardoned for withholding this reduction for a time. But they never even considered it. The reduction was made the same day war was declared.

And you can realize how real this confidence in the victorious property of Canada was when you consider that the price of Ford cars are set in accordance with the estimated production for that fiscal year and not by any means are they based on the profits of the preceding year.

\$262,500 has been spent on new buildings in Ford City since the war began. Over \$1,000,000 has been spent on new buildings in four Canadian cities since war began, making a total expenditure for new buildings of approximately 1 million and a quarter.

\$1,000,000 has been spent in new equipment since war began. 900 men have been added to the pay roll since war began.

And if there is needed further proof of this company's absolute conviction in the progress and prosperity of the Dominion, it may be found in the fact that another \$50 reduction in the price of the car was made last August—making a total reduction of \$125,000 since war began.

This new price requires an output of 40,000 cars this year.

Then, too, the price of Ford parts has been reduced by \$147 per car—a reduction that means a big increased economy to Ford owners.

Such immense expenditures and price reductions as these are of the greatest benefit to the general welfare of the nation under existing conditions. They form one of the greatest possible influences towards boosting the prosperity of Canada.

Remember that all but \$16.88 worth of the material that goes into the construction of a Ford car is bought here in Canada—and it won't all increase here if it were possible to get it.

Truly, the Ford is, after all, a Canadian Car, built by Canadians. Very few Canadian manufacturers are able to show such a support to Canadian industry as this.

The Canadian Ford Company is basing this year's factory production plans on just double the business done last year.

They stake everything on the conviction that Canada is bound to prosper. They place all on the belief that Britain and her allies are bound to win.

McGregor of Ford and his Canadian associates may be pardoned for feeling proud of this record.

Dated at the Town Secretary's office,  
May 22nd 1916.H. Y. Pawling  
Secy-Treas.**GREENSHIELD GLEANINGS**

Mrs R. J. Mills left on Wednesday for Ontario where she will spend the summer with friends and relatives.

Pte. F. J. Stouffer of 151st Battalion Band, returned to Edmonton on Monday, after spending a few days with his family at Maple Hill Farm.

On Wednesday Mrs Win Morrow and family left for their future home at Baynes B. C.

If Messier has commenced fencing the north half of section 7. This will necessitate the opening of the road between 12 and 7.

The Leduc Bros. have commenced breaking on their new property S. 1 sec 7.

The Newport family are quarantined with the measles.

A most enjoyable evening was spent at the home of Major and Mrs Pecknold on Friday evening May 26, when a reception was given for Mr and Mrs Valentine Pecknold. A large number of young people spent the evening dancing and at twelve o'clock sat down to a table loaded with dainties and beautifully decorated with pink roses. About 3 o'clock the party dispersed, everyone wishing the newly married couple every happiness.

Mr N. T. Morrison is giving a dance in his new barn, on Friday evening June 2nd.

**SLIPS FROM SLIGO**

(Delayed in transmission)

A successful and interesting meeting of the Sunnyvale U. F. W. A. was held at the home of Mrs W. Warnick on May the 11th when several ladies from the McAfferty U.F.W.A. South of Edgerton, were present, their President and Secretary being among them. The Secretary Mrs H. E. Spencer, gave a most interesting and instructive address on "The Value of organization and co-operation" She spoke of the excellent chance afforded to the women of different communities to meet and become acquainted through the medium of the U. F. W. A. She also touched on the suffrage question saying that women should not think lightly of the privilege afforded them in the ballot but should read and study how to make the best use of the vote.

An interesting programme was also rendered including readings, recitations, songs, instrumental and an excellent monologue by Mrs H. E. Spencer.

Owing, no doubt, to the beautiful weather, there was an excellent attendance, 29 ladies being present with two new members enrolled. Another box of Red Cross Sewing was distributed, which will be returned at the next meeting of the U.F.W.A. to be held at the home of Mrs W. Reynolds on Thursday June 8th. Mrs Reynolds wishes all the ladies to bring along their fancywork, sewing etc.

Mrs Templeton and Miss Allie Taylor will accompany Mrs F. W. Metcalf when she returns to Calgary where they will spend a few weeks.

Mrs J. N. Taylor has again returned to Edmonton where she is undergoing a new treatment.

## INTERESTING ITEMS

M. Peterson, our new school teacher, spent the week end with relatives at Holden.

C. F. Taylor, of Doley, spent the week end in town, and, of course, gave us a call.

Owing to news of the serious illness of his father, Mr O'Neil of the depot staff left for Michigan on Sunday's train.

Mrs Maddor left for Toronto on last Wednesday's train, where she will take a prolonged holiday with her parents.

Mrs R. S. Long, is paying a visit to her father C. Istead, arriving from Moose Jaw last week end.

The Ladies Aid of the Methodist church are announcing their annual bazaar in our advertising columns.

Geo Istead has accepted a position in the G. T. P. shops at Edmonton and left for that place on Saturday last.

Corpl Wilson, R. N. W. M. P. is away this week in attendance at the Supreme Court being held in Edmonton.

The Daughters of the Empire will meet this afternoon at the home of the Mayores, Mrs G. H. Beaudry, at 3 p.m. in their knitting circle.

Mr Geo. Keyworth arrived in town on Monday to take up his duties with E. L. Cork. Things will be buzzing around their clock factory now, you bet!

In the Baseball tournament at Vermilion on Victoria Day, the Manville team batted the home boys off the map with scores reading 15-2 and 15-4.

The Ladies Aid at the Methodist church will hold their annual Bazaar and Sale of Home Cooking on Friday and Saturday June 2nd-3rd at 3 p.m. Everybody welcome.

This year's dates for the Calgary exhibition are June 29th to July 5th, when, given fine weather the directors hope to welcome record crowds. Special rates will prevail for this feature, over the G. T. P.

Sixty-eight head of cattle, horses, implements, etc, will be some of the lots put to auction on June 2nd, when Bud Simmerman will wield the hammer on the Taylor farm. See Advt on page 5.

As showing the growing call for modernised necessities, A. Dupre reports the disposal of three more cars this week, he brought them overland from Edmonton on Monday.

Although Mr J. Brown improved so far as to be able to leave the house last week end, he has had to be ordered back to bed by the doctor, and will require another couple of weeks rest ere taking up his duties.

The Union Bank of Canada are duplicating their Wainwright offices in the town of Hanna, the structure being a solid brick edifice 25 x 40 at the corner of Second avenue and First Street west.

Another proof of the value of classified advs. came to hand this week, when W. Sharpe walked in and claimed his 21-jeweled watch which had been advertised as found on the previous day. Don't stick up a pencilled notice—do it right; Advertise in THE STAR.

Mrs J. Middlemass was a traveller to Edmonton on Tuesday for a short visit.

See Bud Simmerman's advt on page 5 for the big sale at the Taylor Farm.

Mrs L. Milner, and her daughter Elsie, of West Edmonton are paying a visit to Mrs J. W. Brown.

Jack Kaine, who was suffering from an attack of grippe last week end is now enjoying renewed health.

Humphrey P. May was a city tripper last week end, when he completed a big pile of business having local bearing.

The prize lists are now in the hands of the printers for the annual agricultural fair at Irma. Watch for posters.

Taylor Bros stock, among which are some of the finest in the Province, will be put under the hammer on June 2nd. See posters.
